**SAFETY AND SIGNAGE WORK TEAM MEETING NOTES**  
**March 5, 2019**

Participants included Promise Bakken, Agnes Fleming, Ryan Greendeer, Todd Mulvey, Sandy Stankevich and Kim Swisher.

The teleconference began at 1:32 pm. The group reviewed the February meeting notes and action items.

Agnes is waiting for the STEM survey results from Runninghorse. As this project will probably not be completed by April 30<sup>th</sup>, Agnes will be adding this to next year's work plan.

Agnes will forward Ryan a list of the Tribes not using TraCS 10.

Agnes will locate her Commercial Vehicle notes and forward them to Ryan.

Agnes received a copy of the Safety Plan, and asked Ryan about scheduling a meeting this week to discuss the presentation to the Tribal Leaders. Ryan said to cancel the meeting with Tribal Leaders, and he will deliver the plan to each community. He wants concurrence and confirmation that the Tribes understand this will be made public. He will follow up on this.

Agnes asked the group if they are comfortable with the work plan that will be presented to at the ITTF meeting next week, and Promise and Sandy said it was, and noted that everyone worked thoroughly on this. Agnes will forward Ryan the draft before sending to the ITTF Members.

The meeting ended at 1:46 pm.
